Const. English arrested Bill Rutko, on Tuesday, for a breach of the Health Act. An animal belonging to Rutko had died of the blackleg, and altho Bill was told by the police to bury the critter, he neglected to do so, hence a ride to see the J. P.

J. P. Moth fined Bill ten and costs, a total of \$18.45, and was given twenty-four hours in which to bury the dead.

Don't be alarmed; we have just received another shipment of Fresh Formaldehyde, so there will be no shortage while it lasts. Oats are more subject to smutt than wheat, so don't plant your oats without treating first with fresh formaldehyde. Get it at the Kennedy Drug Store

Mr. Robinson, Edmonton, of the Provincial Health Board, has been in the district for the past week or two looking over the situation as to the feasibility of forming a Municipal Hospital District in this part of the Province.

Charlie Vanhorn and family returned home, yesterday, after spending the winter up at Evergreen, Alta.

And the wind, she blew, she blew, and then she blew some more. The high winds of the past week have made life miserable with sand and dust galore. Considerable seed has been blown out of the ground and scattered broadcast over the surrounding country.

Owing to the present weather conditions being unfavorable some farmers have stopped seeding.

T. Ulph has opened up a clothes cleaning and pressing establishment on Main St.

RAISED \$125.00

There was a large attendance at the Sapper and Sale, last Monday, held under the auspices of the Anglican W. A.

The ladies deserve a great deal of credit for the able way in which the affair was managed, and are to be congratulated on the splendid results achieved.

The proceeds, amounting to \$125.00, will be used for painting the Church.

The ladies wish to extend their thanks to all those who assisted in any way.

No, Mabel, the wind did not blow over the fire gong, and we cannot tell you when they intend putting it up again. It has been lying on the ground all week.

Dr. Albert F. Brown, Optometrist, of Edmonton, will be at the Hotel until 2 o'clock this afternoon.

Regular monthly meeting of the G. W. V. A., Monitor Branch, will be held on Saturday May 3rd, at 4 p. m., in the Hotel.

All returned men are urged to attend.

Which House Dominates
Your Block?

SOMEWHERE in "Every
Community" is a house which
always smiles at you. It is also a
little more cared for looking than
the others, brighter, better kept,
and—well painted.

Inside that house lives a good citizen and a good neighbor. His
house is so inviting that it is like a hand stretched out to you.
You are bound to feel glad that its owner lives near you.

Somewhere else in "Every community" stands another house.
Its owner has become discouraged. He has quit trying. He has
lost his ambition and gradually has accepted his fate as a down-and-
outer.

You know that this is so, because his house says so. It is dingy,
beginning to crack and sag, and is unpainted.

Its owner is not a good citizen. He has not done his share. His
house stands out like a "sore thumb." It robs a whole neighborhood
of legitimate real estate value. Buyers of new houses avoid its
neighborhood.

Note and Comment

I quote a description of the new Ford from a private letter from an American lady to a Killarney friend.

"Did you read that Henry Ford is to build a new flivver, one that won't roll off your knife? The new highway cutie is a form-fitting creation that you will pull on like a shirt. Its wheel base is about \$100 shorter than the old car and three and a half passengers narrower. If this fliv is a success Henry will start building them in pairs. Each man will own two, a front and a rear, just like collar buttons. If one rolls under the bureau, in your hurry, just crank up the other one and sail off like—bent for election. On days when the elements give vent to a down-pour take off the license and grind coffee or mince left-over roasts with the old car. Children teeth on the back wheels. Its a one-man top or half-a-man chassis.

When not in use allow the canopy to use it for a cage. What could be fairer? The only distinguishing feature to enable one to tell it from a bread-box is its wheels. For newly-weds instead of buying a baby buggy put a handle on one of the latest Henry Gasoleak chariots, pour a little grade "A" milk into the radiator cap and trundle off like a nursery on roller skates. The latest thing in boulevard cloggers is going to make the automobile thieves dizzy. When you buy Henry's new boat you will notice a small hook on the rear axle. That's to hang it on the bull rack. When you waddle into a Broadway Cabaret you check the flivverine with your coat and hat. Around the festive season of Christmas stores that are up-to-date and progressive will flash signs like this: "Carry flivvers and other small packages with you in order to assist the drivers in making their deliveries."

If you intend buying one of the latest vest pocket size cars buy a nice beaded one that the wife or sweetheart can use as a handbag. It has been a Detroit boast that all Ford cars outlast their owners. Sure thing. Just like a lemon squeezer outlasts a lemon.

Henry's latest baby flivver is going to be a great success. There are millions who are laughing at them but there are also millions who are laughing in them. One will last a generation and then can be handed down to sonny like father's old trousers. And there's absolutely no way of putting them out

of commission unless some near sighted housemaid sprinkles roach powder on em.

So you can readily see what an economic purchase one of these flivverettes will be and the many advantages one obtains by the ownership of one. Of course there will be no dividend coupons given away with each purchase on account of the extraordinary saving of cash in the initial payment.

—Killarney Guide.

The Lord helps them that help themselves. But when, as in Russia, they put both feet in the trough and end by upsetting it, He leaves them to shift for themselves.

Don't meddle with the affairs of other people and you will have that much less to worry about.

Cigarettes were the cause of a near-conflagration in town last Friday, and but for a pair of keen eyes at the harness shop, a corner of the burg would likely have gone up in smoke. Why can't the chaps who smoke the "coffin nails" use some judgment when disposing of the stub?

Help the Y.M.C.A. Finish its Work For Soldiers

Help the "Y" Construct the Manhood that will Re-construct Canada

ALL the world now knows that the Red Triangle of the Y.M.C.A. was the "Sign of Friendship" to thousands of your brothers, sons, nephews, cousins and neighbours' boys in the last four and a half years. Wherever the Canadian Soldiers went, the "Good old 'Y'" went too. And now it is coming back home with them!

For the support which has made possible the war work of the Y.M.C.A. we thank you. Your money has been well expended. We have rendered full account.

We ask now your continued sympathy and support for Red Triangle Service for our Soldiers during demobilization, and for Y.M.C.A. work for Canada generally during the Re-construction period. The Annual Red Triangle campaign will be held throughout Canada May 5th to 9th, 1919. The objective is \$1,100,000.

The Y.M.C.A. will keep its chain of Service unbroken till the end.

For Our Men Returning

For the soldiers and their dependents, returning from Overseas, we have provided as follows:—

1. A Red Triangle man on board every ship when it leaves Great Britain, with a full equipment of games, gramophones and records, magic lantern, literature and writing materials. Where possible, also a piano or an organ. Lectures, concerts, sing songs, instruction re Government repatriation plans, and Sunday Services.
2. Red Triangle comforts and facilities for the men on arrival at Halifax, St. John, Quebec and Montreal, including coffee stalls, with free drinks, free eatables, cigarettes, candies, etc.
3. Red Triangle men on every troop train to provide regularly free drinks, eatables and cigarettes, organize games and sing songs, and furnish information.
4. Red Triangle free canteen service, information bureau, etc., at each of the 22 Dispersal centres in Canada.
5. Red Triangle Clubs in the principal cities of Canada in the shape of large Y.M.C.A. hostels to furnish bed and board at low rates and to be a rendezvous for soldiers.
6. Seventy-five Secretaries to superintend Red Triangle service in Military Hospitals, Camps and Barracks throughout Canada.
7. Tickets entitling soldiers to full Y.M.C.A. privileges for six months at any local Y.M.C.A. furnished.

In addition to our work for the returning soldiers, we have to maintain the Red Triangle service to the full for the soldiers in Siberia, as well as the work of special secretaries in Northern Russia, Palestine and Poland.

For Canada's Manhood

The Reconstruction program of the Y. M. C. A. includes the following vitally important developments:—

1. An increased service to 300,000 teen-age boys in the Dominion—the development of Canadian Standard Efficiency training; Bible Study groups; summer camps; conferences; service for High School boys, for working boys, in the towns and cities; for boys on the farm and for boys everywhere, who have lacked opportunity for mental, moral, physical or social development.
2. Inauguration of Y.M.C.A. work in the country, and the smaller towns and villages lacking Association buildings and equipment, on a plan of county organizations. This will include the establishment of Red Triangle centres for social, recreational and educational work among boys and men, in co-operation with the churches.
3. The promotion of Y.M.C.A. work among Canada's army of workers in industrial plants, both in Y.M.C.A. buildings and in the factory buildings, organizing the industrial workers of our cities by meetings, entertainments, games and sports.
4. The establishment of the Red Triangle in isolated districts where lumbermen, miners and other workers hold the front trenches of industry.
5. Besides these main fields of increased activity for 1919, we have to provide for enlarged work among railway men, college students and for our campaign to encourage physical and sex education. Under all our work we place the fundamental foundation of manly Christianity.

Canada Wide Appeal

Y.W.C.A.

For the wives and children Overseas, dependent upon Canadian soldiers, and for Y.W.C.A. work in Canada generally, a sum of \$175,000 from the Red Triangle Fund will be set aside for the Dominion Council of the Y.W.C.A., which is caring for the soldiers' women folk, and their little ones on the long journey, from Liverpool to Canada, and is also extending its work for Canadian girls.

For their sake also be generous when you make your contribution.

FOR the sake of our victorious soldiers and their dependents; and the happiness of their home-coming; for the sake of our future citizens, our teen-age boys; for the sake of rural life in Canada; for the sake of the social betterment of the toilers in factory and workshop; for the sake of lonely men and boys in our mines and forests; for the sake of Christian Society and Canadian manhood—we appeal to you: Give us your contribution, little or big. Be as generous as you can.

Hand your contribution to the canvasser when he calls, or if you live where it is difficult for him to call, send it by check, money order or registered letter to the National Treasurer, Red Triangle Campaign, 120 Bay Street, Toronto.

Please Note:

We are not asking for money to carry on our work Overseas, with the Army in Great Britain, France or Belgium. That work will continue at its maximum for some months, financially provided for by the liquidation of our assets Overseas, and will not terminate till the last man has sailed for home.
